LOCAL ITEMS

Remember the Scotch concert
and dance in the Chinook school
on Friday evening, January 28.

Mrs. J. Bayley was a visitor in
Hanna last week.

The regular monthly meeting
of the Chinook Women's Institute
will be held at the home Mrs. R.
Stewart on Wednesday, February
2, at 3 p.m. Roll call, "First Aid
Suggestions." Everybody wel-
come.

L. D. Riordan left on Friday
for Calgary.

The Junior C.G.I.T. will hold a
tea at the home of Mrs. R. Strigley
on Saturday afternoon, January
29, at 3 o'clock.

I. W. Deman was a business
visitor in Calgary over the week-
end.

R. B. Ayer, of Calgary, is now
assistant agent at the Chinook
station.

A moccasin dance will be held
on the Chinook skating rink on
Saturday evening, February 5.

Miss C. Flater was a visitor in
Oyen on Saturday.

W. P. Kyle, government electric
meter inspector, was in Chinook
last Thursday inspecting all the
local electric meters.

W. Isbister purchased the Mc-
Kenzie residence on Second Ave.
West, last week.

Mrs. W. E. Brownell and daugh-
ter, Urdine were visitors in Cal-
gary this week.

Fred Hobson has been ap-
pointed director of the rabbit
drives which are to be held in the
Big Spring District during the
coming week.

Mr. and Mrs. Harry Strong and
family and Miss Norma Hobson
visited at the home of Mr. and
Mrs. John MacPherson on Sun-
day.

Service will be held in Chinook
Church next Sunday afternoon at
3.30 o'clock.

Chinook junior hockey team
were Youngstown visitors on
Tuesday, when they played the
local team. The game was keenly
contested but the Chinook boys
had to be content with the short
end of a 3-4 score.

Chinook School Literary Society Elects Officers

The election of officers of the
Chinook School Literary Society
took place last Friday afternoon
by ballot, Agnes Gingles being
returning officer and Verna Dres-
sel, poll clerk. The ballots were
drawn up by Grade XI as part of
their "Civics." The following were
the officers elected: David Smith,
president; Alfred Deman, Vice-
president; Willie Thompson, sec-
retary. There being only six
nominations for program commit-
tee, these were elected by accla-
mation as follows: Ethel Young,
Leslie Clipsham, Myrtle Dahl,
Clayton Elliott, Marjorie Lee and
Sidney Deane.

Disastrous Fire At Oyen

Loss About \$75,000

Fire which started between 8
and 9 o'clock last Saturday morn-
ing, wiped out a large portion of
Oyen's business section. Five
buildings, on the west side of
main street were destroyed. The
loss is estimated at about \$75,000.

The buildings that were de-
stroyed by the fire were:
Miller's general store.
Oyen Hardware,
Postoffice,
Dr. Holt's dental office.
Purcell's general store,
People's Meat Market,
City Cafe, damaged.

CURLING NOTES

Two rinks from Chinook are in
Youngstown this week attending
the bonspiel. The following is the
personnel of the rinks: Clarence
Petersen, R. Morrison, W. Milli-
gan and I. W. Deman, skip. D.
Roberts, L. Berry, R. Vanhook
and L. S. Dawson, skip.

Two of the local curling rinks
that went to Youngstown last
Thursday were unsuccessful in
bringing back the Beaver cup.
The first half of the games it
look as if Chinook was away to
victory, but during the last four
ends Youngstown got two or three
large ends. Both rinks played
good games, and the trip was
much appreciated. The rinks
were: D. Roberts, W. Todd, R.
Morrison, L. S. Dawson, skip
O. Melke, L. Berry, W. Lee, H.
W. Butts, skip.

NEW DRUG CURE

Application has been made by
the Alberta Department of Health
for a supply of the new narcotic
drug cure known as Narcosan.
This wonderful new medicine has
been used successfully in certain
institutions for the curing of drug
addicts and has also been found
beneficial in the treatment of al-
coholism. There are a few pa-
tients at present under treatment
in one of the government institu-
tions, and it is the desire of the
Minister of Health to put at the
disposal of the authorities of this
institution, if at all possible, a
supply of the medicine in order
that these patients may have the
full benefit of the new discovery
and in order that a complete test
of its merits may be made.

Mrs. Kautz, who has been spend-
ing the past month in Calgary,
returned on Wednesday.

Miss Alice Deman left on Wed-
nesday for Drumheller, where she
has accepted a position in a
Beauty Parlor.

The ladies card club met on
Tuesday evening at the home of
Mrs. Hurley. The prize a lady's
vanity set was won by Mrs. Rob-
inson. The club will meet next
Tuesday evening at the home of
Mrs. Harry Smith.

Safe

Aspirin is the trade mark registered in Canada of Bayer Manufacturing Co., Ltd., of Elberfeld, Germany. Bayer is the only manufacturer of Aspirin in Canada. Bayer's Aspirin is the only Aspirin in Canada which is stamped with the "Bayer Cross".

An Inspiration To Canadian Youth

All America is ringing with praise of George Young, the 17 year old Toronto boy who was the great swimming sensation between Catalina Island and the mainland of California, successfully swimming this stretch of 17 miles in a record of one hour and 40 minutes, including some of the world's most renowned swimmers. It was a wonderful achievement, and following the performance of John Miller, of Sydney, Nova Scotia, who set a new world's record last year in winning the Boston Amateur Athletic association in his first race over the 26 mile course, and the enthusiastic world Canadian back players are awaiting in the big American cities, is having the effect of further directing attention to Canada as a land which produces the finest types of sturdy young manhood.

Through his great feat, George Young not only wins a substantial financial reward, but he helps into athletic fame. He will be honored, cheered and fêted, and his name will live in the annals of great feats of courage, strength and endurance.

It is not because of his victory alone that Canadians should be proud of George Young and find delight in doing him honor. Rather, our deeper national pride should rest upon the qualities of mind and heart and character which this youth displayed in approaching the hard trial to which he subjected himself, and the noble impulse which directed his action.

A poor boy, with no relatives but a widowed, crippled mother to whom he was devotedly attached, George Young voluntarily sacrificed his ancestral surname as a surname, and called his all on this new effort. He did so not because of a personal desire for fame or money, but in an all consuming desire to be able to take his crippled mother to California and provide her with the means whereby she might regain her health.

The boy's strength of character, his grim determination, and his willingness to sacrifice were clearly shown when, following the necessary railway fare from Toronto to California, he started to make the journey on a patched up motor cycle and doggedly pushed his way as far as Arizona. A boy of less character and perseverance would have "tied the knot" in order to reach the end of his journey. Had George Young not believed in his own strength, it is safe to say that, in any event, he would have made a success of his life and in whatever sphere he might choose.

Premier Mackenzie King rightly expressed the sentiments of the people of Canada when, in extending congratulations on behalf of the Government and people of the Dominion, he said that this country shared with equal pride George Young's success and his beautiful tribute to his mother and all that disclosed the secret of this splendid achievement.

Such an achievement in the face of obstacles to be overcome that might well dampen the stoutest heart is an inspiration to the youth of Canada. Those words of Canadian boys, who can never hope to be great athletes themselves, and whose names will never be found on the lips of millions of their countrymen, but who in meeting the problems and difficulties of everyday life, and in shouldering the responsibilities that may be forced upon them, do so with the same force of character, the same determination, the same willingness to sacrifice as for the good of others, are equally brave, and of them Canada will be equally proud.

George Young is a United States boy, he knows. His mother has borne testimony to the elements of his young life, and George has in special testimony shown all Canadian boys that a clean life, free from bad habits and dissipation, pays. He has brought home to all the truth of the old adage that where there's a will there's a way. In bringing home to Canada, he has likewise brought something of far greater and more lasting value, an object lesson which mightily aided to the imagination and love for the heroic in every normal Canadian boy.

This is an act of national pride, because it is only through the cultivation and development of these young traits which make George Young a winner that the best of Canada, or of any country, can be truly said to be in the line of progress. No matter what direction they may take, or how humble they may be, it requires exactly the same qualities to make a real success, in anything it be as they were required to successfully swim a Catalina Channel.

Mrs. Rogers: "I hear your son is going to get married. Two boys in a row!"

Mrs. Rogers: "They are kind hearted, but I don't like to see them get married. Who would a creature like that?"

If you would combine your health with a good reputation and they would be a pair.

Astronomers Long Lived
Clergymen live long in Britain, but astronomers are giving them a fright. For the average astronomer lives to be 72 years. The life span of every great astronomer from John Flamsteed, the first astronomer royal, to Sir William Christie, who died in 1919, was included in the figures. On the whole, the life span of every astronomer was given as 72 years.

Mrs. Rogers: When I wake up this morning I find the bed-lodges warm, the sun is shining, the birds are singing. Mrs. Rogers: Well, you must have slept like a top. Answer, London.

Minard's Liniment for chapped hands.

Hardiness of Weed Seed

Seeds Lying Dormant for Forty Years Will Germinate

The seed of some of the troublesome varieties of weeds show a great tenacity of life. They will resuscitate long after they are supposed to have been killed if not thoroughly and skillfully disposed of. The Michigan Agricultural College is engaged, as reported in Bulletin No. 72 of the Dominion Department of Agriculture on Crop Rotation in an experiment to ascertain definitely how many years the common weed seeds will lie dormant in the soil and then resume growth where suitable conditions come about. Weed seeds are mixed with sand and placed in unmarked pint bottles that are buried twenty inches below the surface and one taken up every five years. The experiment which can be continued for 100 years, after being conducted forty years. After being this length of time in the soil it has been found that black mustard, pepper grass, the weed, ragweed, white clover, common plantain, purslane and curled dock will still germinate. Some of these weeds removed in the earlier years failed to germinate but did so in later years. Ragweed failed to germinate in every trial until after it had been forty years in the soil. As the authors of the bulletin referred to (Messrs. E. S. Hopkins and W. C. Hopper of the Field Station Division of the Dominion Experimental Farms) suggest it is apparent that there can be no let up in the war against weeds, especially if the land has once become infested and that prevention of their getting a start is practically the only important method of weed control. Neglect for one year may result in a plague of weeds for a life-time and longer.

Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liniment Gives Such Universal Satisfaction As

NERVILINE

It is the great penetrating power of Nerviline which is so efficient in overcoming stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings warm, comforting relief at once. No liniment compares in pain relieving power with Nerviline. For the pains and ills that arise in every family, Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Lumbago, Neuralgia and Colds. 35 cents at all dealers.

Democracy in Action

Rolls-Royce drove up to the football field of the private school, and a very important-looking woman called out to a little fellow in uniform: "Will you please call my son, Master Alcorn?" It was at a moment there was a shout: "They, Skippy, you're here!"

PUT STOMACH IN
ORDER AT ONCE
"Pape's Diapiesin" for
Gas, Indigestion or
Sour Stomach

Instantly! Stomach corrected: You never feel the slightest distress from indigestion or a sour acid, gas, or acid, after you eat a tablet of "Pape's Diapiesin." The moment it reaches the stomach all uneasiness, flatulence, heartburn, gases, indigestion and pain disappear. Diapiesin guarantees each package to correct indigestion at once. End your stomach trouble for ten cents.

Since the demand from the United States for medicine to fight the last world war has ceased, the Australian state supplies at Jeddah have been compelled to close.

Heart Palpitation Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Des Moines, Alta., writes: "Some time ago I was very bad dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just have everything and get done."

I spent a lot of money using medicine from the doctor, but it did not do me any good.

At last a friend told me to use and after using a couple of boxes I was cured of the same trouble. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from those heart troubles.

Price 50c, a box at all druggists or dealers, or mailed direct on receipt of price by The T. M. Burgess Co., Limited, Toronto, Ont.

Alberta Livestock Board

Officers Are Elected at Annual Meeting Held in Edmonton

At the annual meeting of the Alberta Livestock Board at Edmonton, J. Charles Yule, of Carstairs, was elected president; J. P. Sackville, Edmonton, vice-president. In addition to the president of each of the livestock associations from northern and southern Alberta, the following men were elected to the board: W. J. Stark, Edmonton; E. L. Richardson, Calgary; J. P. Sackville, Edmonton; J. L. Walters, Oliver; A. E. Cross and G. H. Hutton, Calgary; J. G. Clark, of Irma.

Steps will be taken to see about further assistance from the provincial government toward the exhibit going east to the board. It is proposed to send an exhibit of all kinds of stock from Alberta to Toronto next year. To facilitate the shipping of a sheep exhibit the minister of agriculture will be asked to pay a competent man to accompany them. There was considerable discussion regarding the appointment of judges for fairs and some recommendations will go forward to the Dominion government which it is hoped will overcome the present unsatisfactory conditions.

Robbers Take Heavy Toll

A Billion and a Half Is Stolen Each Year in United States, According to Estimates

Merchandise valued at \$1,500,000,000 is taken out of legitimate channels in the United States each year by fraud, theft and robbery and sent back into the market through a system of "finest" to underworld dealers.

How the "finest," or receiver of stolen property operates to supply the market has been swindlers, burglars and highway robbers is told in a voluminous report issued by the prison committee of the association of Grand Jurors of New York county.

In arriving at the huge total of losses the report gives the following tabulation: Merchandise frauds, \$500,000,000; credit frauds, \$250,000,000; robbery theft and larceny, \$100,000,000; burglary, \$25,000,000.

The report also points out the weakness in existing laws which make the illicit dealer almost immune from prosecution.

Awful Asthma Attacks. Is there a member of your family who is in the power of this distressing trouble? No service you can render him will equal the bringing to his attention of Dr. J. C. Kellogg's Asthma Remedy. This remarkable remedy reverts his reputation upon what it has done for others. It has a truly wonderful record, curing years and years of suffering in almost every part of this continent, and even beyond the seas.

Portrait of Lenin Appears on Stamps

Proceeds of Restricted Issue to be Used for Charity

For the first time since his death the visage of Nicolai Lenin has appeared on an issue of stamps. It represents him as a child of nine, long before Communism was dreamed of in Russia and appeared on a restricted issue of twenty stamp stamps, the proceeds to be devoted to relief of the nation's 500,000 vagrant children. Hereafter the authorities have forbidden use of Lenin's likeness on stamps, cigarette boxes or advertising matter. The rule was relaxed in this instance to help the children.

Through Service For Overseas Travellers

In order to provide every convenience for overseas travellers, the Canadian Pacific Railway are operating through tourist sleeping cars through Europe each week to connect with steamers sailing from West Coast N. B. These cars, which go from Vancouver to Seattle, are a convenience and facilitate transfer from train to steamer. Overseas bookings and reservations on these cars may be made with any Ticket Agent of the Canadian Pacific.

"My razor doesn't cut at all." "Come, come," replied the wife. "Your beard is no longer than the hair on my head."

The Friend of All Sufferers. — Dr. Thomas' Electric Oil is a valuable remedy for all kinds of aches and pains. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a balsam that has the blessing of a half a century. It is on sale everywhere and can be found wherever equipped for.

To be popular never let on that you know more than the tools or as much as the wife.

Seizing—Use Minard's Liniment.

Recover Dismantled Car

Berlin Police Deliver it to Owner in Running Condition

A seven-passenger limousine stolen two years ago, dismantled and sold piece meal by thieves to three different junk dealers, has been restored to the owner in running condition by the Berlin police. All it needs is a coat of paint.

More than a dozen policemen and detectives worked on the case off and on. Armed with the numbers of all parts of the stolen car, which is owned by a wealthy industrialist, the police garage mechanics were able to restore the car as it was when stolen.

FATEFUL YEARS FOR ALL WOMEN

Much Suffering Can be Avoided Through the Use of Dr. Williams' Pink Pills

The most fateful years in a woman's life are those between forty-five and fifty. Many women enter this term under depressing conditions: through overwork, worry, or a watery condition of the blood, and they suffer heavily.

Among the commonest symptoms are headaches, palpitations, dizziness, backaches, depression and other well recognized disturbances of the health which show that the blood requires attention. Women stand in need of rich and blood all their lives, but never more so than at middle age, when the nerves are also weak and overworked. In this condition there is no other medicine can do so much for women as Dr. Williams' Pink Pills, for these pills make rich, red blood, which gives tone to the whole body, thus restoring robust health. Thousands of Canadian women have proved the value of Dr. Williams' Pink Pills in cases of this kind. Among them is Mrs. J. H. Johnston, Lion's Head, Ont., who says: "I am writing to let you know the wonderful good your pills have done me. I was a complete wreck, and would faint if I crossed the room. I was going through the change of life, and was so weak I could not do my work. I went to Toronto, when my folks said nothing but an operation would help me. But I said: 'No, Dr. Williams' Pink Pills helped me in childhood, and I am going to give them a trial.' I took the pills steadily for a month, when I returned home a well woman, able to do all my work with ease. Friends here say it's a wonder I am alive after what I went through, and I am thankful to say I believe Dr. Williams' Pink Pills saved my life."

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail from a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Don't take it so hard, beloved—'even if she threw you over, remember what the song says: 'The hours I've spent with thee, dear heart'—'It ain't the hours I'm thinking of—it's the lack.'"

The tongue of a woman is her sword—and she never allows it to rust.

Nearly half of all the ships being built in the world are motor vessels.

Mrs. Stanley: Are you aware, Mrs. Shimbane, that your dog has just bitten my little Willie?

Mrs. Shimbane: What, your Willie, who has not over a year? Oh, Mrs. Stanley, if anything should happen to Fido I'll never forgive you.

Next time you buy a loaf of wrapped bread from your Baker, look at the paper and see if the Appleford trade mark appears thereon.

If so, it means that your Baker is protecting his goods and protecting your health by using the cleanest and purest paper that he can buy. Most good Bakers now use Appleford wraps because they know that their goods will keep fresh longer and will be delivered to you in a sanitary manner.

When buying Waxed Paper for household use be sure and ask for PARASANI put up in rolls or sheets.

FASCISM FOR ITALY APPROVED BY CHURCHILL

Rome.—Vital approval of Fascism as applied to the people of Italy was expressed by Winston Churchill, British Chancellor of the Exchequer, in a statement given out to the newspaper correspondents. The chancellor, the first British statesman, came to Rome to see for himself the achievements of Fascism and confer with Premier Mussolini. Finance Minister Count Volpi, and other Fascist statesmen.

In one part of his statement, Mr. Churchill said: "If I were an Italian I am certain I would be with you from the start until the end in your victorious battle against the hostile appetite and passions of Leninism."

"But in Great Britain we have not yet been face to face with that danger under the same form. We have our own methods of dealing with such things, but on one subject I have no doubt whatsoever—that we are united in the fight against Communism abroad."

In regard to the United States attitude toward Europe the British wittol of the treasury had this to say:

"An attitude like that of Lazzaro excludes no other power; and it does not prejudice the interests of anyone who aligns himself with the general structure of the League of Nations and facilitates the development of that vital instrument. And the United States cannot very well much longer remain aloof."

Editors Appoint Delegates

Saskatchewan to Send Delegates to Meeting of Directors of Canadian Association in Toronto

Regina.—At a meeting of the directors of the Saskatchewan division of the Canadian Weekly Newspaper Association held here, S. N. Wayne, Yorkton, and S. J. Dorman, Alameda, were elected to go as delegates to the meeting of directors of the Canadian Association in Toronto, February 25.

Several matters of importance to the Association were discussed at the meeting. The report of the committee which recently interviewed the Saskatchewan Government was read and adopted. The nature of the report was not for publication, S. J. Dorman, secretary stated, owing to the fact that the Government had not taken up the matter in question.

Liberal Party Accepts Lloyd George's Offer

Large Sum Has Been Placed at Their Disposal

London.—A capital sum of £200,000 and an annual income of £20,000 and £20,000 will be placed at the disposal of Liberal headquarters as a result of the party's acceptance of Lloyd George's offer of financial assistance, according to The Daily News. This assistance will enable the party to present a full line of battle in the way of candidates in the next general elections.

Lloyd George insists his present offer is conditional upon the appointment of a neutral organizing committee as distinct from the Asquithian and Gordonian factions of the party.

New Grain Inspection Point

Monse Jav.—Monse Jav is to be a grain inspection district as from August 1 next by virtue of an Order-in-Council which has been approved by the Governor-General. Word to this effect was brought to this city by J. Gordon Ross, M.P., for the Monse Jav Federal constituency, on his return from Ottawa.

Confere Title on Emperor

Tokio.—The posthumous title of "Emperor Taisho" has been conferred upon the late Emperor Yoshihito at an impressive ceremony in the Imperial Palace. Taisho is the name of the Emperor Yoshihito's era. The title was the last important ceremony before the funeral.

Premier Architect Dead

Ottawa.—Richard Coatsman Wright, chief architect of the public works of Canada and an outstanding figure in his profession, is dead here after an illness of five weeks' duration. Death was due to paralysis. Mr. Wright was 65 years old and unmarried.

Cocktails, cigarettes and cakes are being served to customers by a dressmaker of Paris.

Want H. B. Line Completed

Resolution to be Introduced in Saskatchewan Legislature
Regina.—The completion of the Hudson's Bay Railway in 1927 with specific reference to Port Nelson as the terminal will be debated in the Saskatchewan Legislature during the session just opened, according to notice of a resolution given by O. D. Hill, a prominent member for Melville. Mr. Hill announced that he would move the resolution in the following form:

"That in the opinion of this assembly, construction of the Hudson's Bay Railway should be carried on without interruption so that the line may be completed to Nelson during 1927."

Notice of the introduction of seven bills, the recommendations of the special committee appointed to nominate standing committees for the session were approved, annual reports of the departments of highways and education were tabled and a dozen petitions for private legislation were presented and tabled.

Hon. J. A. Cross, attorney-general, gave notice of his intention to introduce bills to facilitate the enforcement of reciprocal judgments in Saskatchewan and in other parts of His Majesty's Dominions and to amend the Deserted Wives' Maintenance Act.

Hon. T. C. Davis, Minister of Municipal Affairs will introduce bills to amend the Municipalities Act; respecting Towns; To amend the Factories Act; To amend the School Assessment Act; and to validate certain tax sales.

British Marines Are Sent to China

Will Be Used for Defensive Purposes Only Says Official

London.—Scenes so familiar in the time of the war a decade ago were repeated at Chatham when marines detailed for duty in China assembled to commence their preliminary journey to Portsmouth. Three hundred marched to the station with full field equipment, headed by a regimental band, and were frantically cheered by spectators.

They were joined by another 300 from Plymouth, Portsmouth supplying the remaining 400 necessary to make up the 1,000.

Official quarters again stress that whatever is being done is in no way intended as a departure from the policy of non-aggression. In this connection The Star, a radical newspaper, says:

"If it is intended to impress Chiang Chen, Cantonese Foreign Minister, then it may be possible to justify such a demonstration. But a nation like ours cannot make a demonstration and then draw back."

The marines will sail for China near the end of the month, and according to the Government will be used only for defensive purposes.

Plan to Develop Cuban Trade

Minister of Finance Returns to Canada With Proposal

Ottawa.—A trade agreement between Canada and Cuba may result from the visit to Cuba of Hon. J. A. Robb, Minister of Finance.

Mr. Robb has returned to Ottawa, and it is understood he is preparing to discuss with his colleagues in the cabinet the question of improved trade relations between the two countries. While in Cuba Mr. Robb held some preliminary discussions with members of the administration, whom he found most friendly toward the idea of increased trade with Canada. Cuba now gives preferential tariff rates to the United States, but there is a feeling that without disturbing this preference, much can be done to develop Cuban trade.

During Mr. Robb's absence from Ottawa, Premier King had charge of the Finance Department.

Was Blacalva Veteran

Vevay, Ind.—Thomas O'Byrne aged 93 years, who is thought to be the last of the band who took part in the battle of Blacalva, immortalized in Tennyson's "The Charge of the Light Brigade," is dead here. Mr. O'Byrne was born in Ireland.

Influenza in Britain

London.—Three hundred and twenty-six deaths from influenza in England and Wales during the week ending January 15, were recorded in statistics published by the ministry of health. One hundred and thirty-seven died in London alone.

Strong Arm of Fascist

Rome.—Any scoundrel showing himself opposed to the present Fascist national government can be barred from the merchant marine for a period of five years, under a royal decree published here.

Conferring of Titles

Discussion Is Opened by suggestion

Toronto.—Considerable discussion has followed the suggestion made by Hon. Howard Ferguson, prime minister of Ontario, at the banquet in honor of Col. Harry Cockshutt, retired Lieutenant-Governor of Ontario, that the House of Commons should remove the ban placed on the conferring of the Majesty's favor for distinguished service in appointing posthumous titles that justly earned by Col. Cockshutt. He emphasized that he did not suggest that the "no titles" ban be removed in the case of persons elected by the people.

W. F. Nickle, K.C., who, while member for Kingston in the Commons in 1918, was the father of the "no titles" resolution which was endorsed and sent to His Majesty, said he saw no reason for changing his opinion. He thought there ought not to be attached to any democratic country "an outgrown and worn-out system."

U. F. A. WOULD WIDEN SPHERE OF ITS INFLUENCE

Edmonton.—Receiving the counsel offered by executive members of the organization, to concentrate on the immediate problems and development of the movement in the province, the United Farmers of Alberta, in convention here, committed themselves to a policy of inter-provincial co-ordination and national organization.

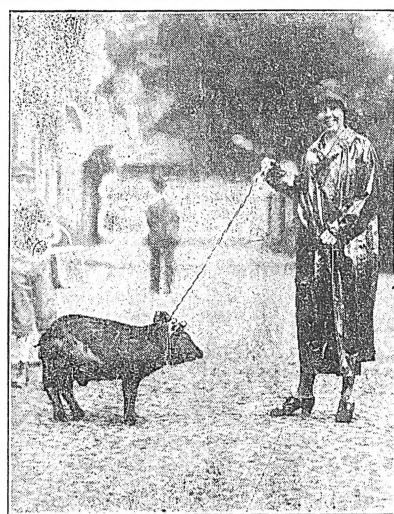

The proposition was opened by several directors of the organization who emphasized the dangers of embracing too large a sphere while the provincial field had not been thoroughly consolidated.

The proponents of national solidarity generally agreed that the farmers of Canada must depart from their purely provincial programs and activities and enter upon a broader undertaking, which would provide greater uniformity of action and enable the organized agriculturists to introduce the influence in federal matters to which the importance of their industry was entitled.

Shortly after the convention had endorsed this policy of action, H. W. Wood, who was re-elected to the presidency of the U.F.A. for the twelfth successive term, indirectly drew attention to the possible consequences of overlooking the development of mass consciousness.

Mr. Wood was dealing with the problem of fostering and strengthening the junior branch of the organization. There had, he said, been a slight indication of the development of a spirit of class consciousness in the junior branch, which did not appear to be the most desirable thing.

"I don't think any real or serious damage has been done, but unless we avoid the danger, there is a real menace of this spirit alienating the loyalty of the junior members to the parent organization of the U.F.A."

Bringing Home the Bacon

All manner of birds and animals have at some time or other been elected as mascots. Pigs as a rule are never elevated to such a position of honor, but the one in the photograph is an exception. While Miss Evelyn Evans of Brooklyn, voyaging around the world on the Canadian Pacific flagship Empress of Scotland, was on a shopping tour in Puncua, Madeira, she bought this domestic pig. Her fellow passengers promptly elevated the animal to the position of mascot of the Empress of Scotland. And now the porker will be "taking the air" of foreign ports in the four corners of the earth before the Empress sails back to America on her 30,000-mile voyage.

OLD AGE PENSION BILL INTRODUCED IN B. C. HOUSE

Victoria, B.C.—An act to provide for old age pensions for the people of British Columbia was introduced into the Legislature by Premier John Oliver.

The bill authorizes the province to enter into a general scheme of old age pensions with the Dominion on a fifty-fifty basis. Any agreement entered into would be under any act of the Dominion legislature or hereafter passed relating to old age pensions and would call for the payment by Ottawa to the province quarterly of an amount equal to one-half of the net sum paid out during the previous quarter by British Columbia.

Under the bill the administration of the act would be in the hands of the Workmen's Compensation Board.

The Premier's proposal to the House is in the form of definite legislation by which the provincial government would be empowered to enter into an agreement with the federal government for the joint payment of old age pensions, the cost being divided equally between the province and the Dominion. This move is proposed in anticipation of the early introduction of the bill in the form of definite legislation by which the provincial government would be empowered to enter into an agreement with the federal government for the joint payment of old age pensions, the cost being divided equally between the province and the Dominion. This move is proposed in anticipation of the early introduction of the bill in the form of definite legislation by which the provincial government would be empowered to enter into an agreement with the federal government for the joint payment of old age pensions, the cost being divided equally between the province and the Dominion.

Noted War Correspondent

Martin Donahue, Who "Covered" Several Wars, Dies in London

London.—Martin H. Donahue, noted war correspondent, died recently after several weeks' illness. He was born in Galway, Ireland, 55 years ago, and after an education which included study of the original languages, embarked on his journalistic career with the Courier Australasian, of Sydney, N.S.W., in 1892.

He was correspondent during the Boer War for the London Daily Chronicle. He also "covered" the Russo-Japanese war, the Turkish revolution of 1909, the Portuguese revolution of 1910, the Italian hostilities in Tripoli and the Balkan war of 1912-13.

In the great war he was an officer in the British intelligence corps, serving in Greece, Rumania and Russia.

Want Royal Commission

Montreal.—A petition which it is expected will be signed by 50,000 citizens of Montreal is being prepared for circulation by the St. Jean Baptiste Society asking the Premier of the province to appoint a Royal Commission to investigate the Laurier Palace disaster. The petition states that the decision of the city council to hold an inquiry is not satisfactory.

Killed in "Plane Crash"

Valencia, Spain.—Three officers and a telegraph operator of the British air force lost their lives when their aeroplane struck a cliff and fell into the sea near here.

Employment Situation Improved Last Year

Statistics Show Greatest Expansion of Any Year Since 1922

Ottawa.—Employment as reported by employers in Canada to the Dominion Bureau of Statistics during 1926 was in greater volume than in any other year since 1922.

There was almost uninterrupted expansion on a large scale from early in January until the first of October. This upward swing carried the curve of employment to a level many points higher than in any of the last five years. During these eight months of advancing employment nearly 125,000 persons were added to the staffs of the reporting firms, a greater number than had been taken on in the same period of any other year of the record except 1922, when the opening up of industry following the depression of 1921 caused the employment of approximately the same number of extra employees.

In 1926 the most extensive gains were recorded at the beginning of May, June and July, as is usually the case. There were smaller increases in the next three months, followed by declines at the beginning of November and December. Owing partly to the effect of an early winter upon construction, also losses, recorded November 1 were rather larger than on the same date in 1925 or 1921 but on December 1 they were smaller than on the corresponding date of any other year of the record, except 1922.

Grading Cattle and Sheep

Advocates the Grading at all Stockyards by Federal Graders

Monse Jav.—A movement looking to the grading of cattle and sheep at all the stockyards in Canada by federal graders was launched at the annual meeting of the Saskatchewan Cattle-Breeders' Association here, when a resolution asking the Dominion Government to appoint graders for this purpose was carried unanimously.

Agreement that the Saskatchewan Livestock Pool was going over the top was given by the Ottawa, director, who stated he expected the objective of 1000 carcasses of livestock and 100,000 carcasses of sheep would be secured very shortly, possibly by the end of the month.

C. W. Thurston, Regina, president of the farmers to grow cattle feed instead of producing the bare summation system and declared hundreds of farmers could spend their time to better advantage by feeding a carcass or two of steers each winter.

Death of Queen Charlotte

Belgian Court Goes Into Ten Weeks Mourning

Brussels.—The Belgian court went into ten weeks' mourning for Charlotte, widow of Maximilian, once Emperor of Mexico. She died in the 57th year of a life that had been hardly more than a tragedy since 1867. In that year Maximilian was executed in Mexico and Empress Charlotte, who was in Europe trying to gain aid for her unstable son-in-law, lost her reason never to recover it again. In rare and fleeting moments, one of which came just before her death from influenza and pneumonia.

SCOPE OF THE CUSTOMS PROBE TO BE EXTENDED

Vancouver.—The scope of the Royal Commission appointed to inquire into the conduct of the Department of Customs and Excise has been further extended.

When the commission resumed sittings, Chairman J. T. Brown produced an order-in-council passed on January 11, by virtue of which the commission is given even fuller powers of investigation. Under the terms of the order which was passed on the recommendation of Premier Mackenzie King, the commission will in addition to the powers already conferred, be empowered to "inquire into and report upon all other matters coming under the administration of the Minister of Customs and Excise which affect the public revenue of Canada or relate to the operations of any person or corporation owning, operating or employed in connection with any business carried on under the provisions of the Excise Act or Customs Act, or any regulations made thereunder, or are incidental or closely related to any of the matters or things hereinbefore or in the said commission mentioned or referred to, and that they be authorized by the commission to be issued in this behalf to exercise all or any of the powers mentioned in sections 11 of the Inquiry Act."

WOULD ABOLISH DOMINION GRAIN STANDARDS BODY

Edmonton.—Abolition of the Dominion Grain Standards Board, as at present constituted, and the creation of a new body, affording equal representation to the producer and the grain trade of the three prairie provinces, was urged in a resolution passed by the United Farmers of Alberta.

Wider criticism was directed against the work of the existing standards board and the claim was made that the farmers of Alberta had suffered an appreciable loss through the adoption of a standard so biased as detrimental to the producer.

In accordance with the provisions of the resolution, the reorganized board would be composed of 15 members, with four representatives from each of the prairie provinces and one respectively from Ontario, Quebec and British Columbia.

The federal government will be asked to effect the suggested reorganization in sufficient time to permit the new board to function in setting the standards for the 1927 crop.

Advocates of the resolution alleged that the standard samples set for the 1925 crop had not contained a fair sample of Alberta wheat and that they were not applied to a fair volume of the wheat grown in the provinces. It was suggested that the re-constituted board should secure representative samples from the various parts of Alberta in reaching a 1927 standard, so assuring adequate protection for the producers of the province.

Canada Should Share British Navy Burden

Resolution is to be Laid Before B.C. Legislature

Victoria, B.C.—A resolution urging the Canadian government to shoulder a fair share of the cost of the naval defence of the Empire will be introduced into the legislature this session by Major Alan Lyons, Conservative, Victoria.

Making this announcement in the House, Major Lyons said he had felt compelled for Canada as he listened to Premier Stanley M. Bruce of Australia delivering an address on imperial affairs here.

"The time is ripe for this province to take a stand on this matter," Major Lyons said. "If we are going to be the big people we think we will be, we should take the initiative and press forward to assume a proper share of the imperial defence burden."

U.S. Criminals in England

Scotland Yard Has Orders to Shoot to Kill When Pursuing Desperadoes

London.—Scotland Yard is authorized by a recent increase in the operations of criminality in London and the provinces, to organize a flying squad under orders to shoot to kill when in pursuit of desperadoes.

The squad will consist of picked men having special automobiles. Citizens volunteer police of 1,500 men have also been organized in Hertfordshire by the home secretary as an aid to the police in the preservation of law and order.

The methods employed by burglars and other criminals in England of late have brought the authorities to the belief that U.S. gunmen have reinforced English crooks, and have introduced a tendency toward the use of firearms when cornered.

Argentine Crop Large

Buenos Aires.—A good forecast of the Ministry of Agriculture on the present Argentine cereal crop, following that issued a month ago, shows that the wheat yield in almost all zones will be greater than was first expected. The ministry's figures are as follows: Wheat, 6,605,000 tons; barley, 17,000,000; oats, 1,941,000; barley, 421,000; rice, 85,000, and corn and soybeans, 26,000.

Seaplane Destroyed by Fire

Los Angeles.—Catching fire while returning from beach maneuvers off the United States fleet one mile off from Los Angeles harbor, the navy seaplane 2-11 was completely destroyed near Dead Men's Island. The crew of five was saved. The flames were caused by backfiring of the engine. The craft cost \$20,000 to build.

Youngest Governor in Texas

Austin, Texas.—Governor Miriam M. Ferguson today became plain Mrs. Ferguson and Jay A. Moody became the governor of Texas. The first woman ever to sit as governor of a state in this country turned over her office to Moody, who is the youngest executive in the annals of the state.

A Creamery's Greatest Assets Are Its Cream Patrons

Many features about the Creamery business are very im-
portant. It is necessary to have good equipment and efficient
employees, plus a good market for the finished product.

More important than all these, however, are our Cream
Patrons. We have to depend on You Mr. Cream Shipper, for
our cream. To a great extent the quality of our products de-
pends on the quality of the Cream You produce, and the care
You take of it.

We want Cream, more Cream, and better Cream, if possible
in return for which you can absolutely count on best grade,
service and price when you ship your cream to—

CHINOOK SKATING RINK

The following is a schedule for
the guidance of skaters attending
the Chinook skating rink:

The junior hockey boys will
play practice games on Mondays
and Fridays from 4 to 5 p.m.

The senior school boys hockey
team will play practice games on
Tuesdays and Thursdays from 4
to 5 p.m.

There will be practice games
for both teams every Saturday.

Skating for ladies every Wed-
nesday afternoon from 3 to 5.

Skating every evening from 7
to 10.30.

Alberta Motor Registration

For the year 1926, a total of
64,775 automobiles were regis-
tered in the province, compared
with 53,092 in 1925.

Will Not Sell Phone System

A unique compliment was paid
to the Alberta Government tele-
phone system recently, when large
Eastern financial interests made
an offer to the Provincial Govern-
ment to purchase the system. The
offer was refused, the government
deciding to continue to own and
operate the system, which is re-
cognized as one of the most effi-
ciently managed on the continent.

New Speaker of Legislature

Mr. Geo. N. Johnston, member
of the legislature for Coronation
has been selected by his fellow
U.F.A. members as speaker of the
legislature, to succeed Hon. O. L.
McPherson, who recently suc-
ceeded Hon. Alex. Koss as minis-
ter of public works in the Alberta
government. Mr. Johnston's formal
election will take place when the
legislature meets on February
10. Mr. Johnston was born in
Wingham, Ont., 43 years ago and
was educated there and at the
London, Ont., collegiate. He
taught school for a time in On-
tario, then came west in 1905,
attending the normal school at
Regina. He taught for some time
and also homesteaded in Sas-
katchewan, and in 1910 took up a
homestead south of Consort, where
he at present resides. He has
been a prominent member of the
legislature and was last year chair-
man of the committee on redistri-
bution.

High Price for Alberta Bonds

The highest price paid for Al-
berta bonds since before the war
was obtained recently when two
issues, one for one million, three
hundred thousand dollars, and the
other for one million, two hundred
and fifty thousand dollars, were
purchased by a Montreal bond
house. The first issue, which is
for thirty years, brought a price of
94.15, and is to be used to pay
the Royal Bank claim on the E.
D. & B. C. Railway. The second
issue, for fifteen years, brought a
price of 95.81 and is for the com-
pletion of the program of main
highway construction in Alberta
during the next year.

Chinook Midget Tigers Lost to Youngstown

The local midget hockey team
made their first appearance for
this season on Saturday when they
locked horns with the Youngs-
town midgets. The fans who
braved a rather cool afternoon
were treated to an excellent game
of hockey. Both teams showed
promise but the Youngstown boys
were a bit more effective around
the goal than the Tigers and this
spelled victory.

Clarence Mellon, the tricky
Youngstown centre, was the out-
standing figure on the day's play,
his clever tactics keeping the local
boys on edge at all times. For
the home boys, Roland Massey,
Lowell Brownell and Duncan Mc-
Kenzie were the pick with the rest
of the team close behind.

A bright feature of the games
was the display of Ken McLean
in the Youngstown goal. This lad
turns aside the hardest drives with
the greatest unconcern. He was
a big factor in his team's victory,
having effectively boarded up the
goal for the greater part of the
game.

THE LINEUP

Chinook—Flater, goal; defence
Brownell and D. Smith; forwards
McKenzie, Massey, Deman, Pey-
ton, Thompson, Douglas Smith,
Youngstown—K. McLean, goal;
defence, H. Wells and McColl;

Mellon; 2, Youngstown, Mellon;
Second period—No score.
Third period—1, Chinook, R.
Massey.

Total mineral production in
Canada in 1925 amounted to 225
million dollars, which constituted
a new high record.

Debate at Clover Leaf School

The debate at the Clover Leaf
School last Friday evening was a
complete success. There was a
very large audience and everyone
enjoyed himself immensely. The
subject of the debate was "Re-
solved that the people of the
Chinook District are acting un-
wisely in moving to other western
points." The affirmative was
taken by Norman Stewart and
Ben Ferguson while the negative
was taken by Chas. E. Neff and
Murdoch MacPherson. Both sides
were so keenly contested that the
judges were unable to come to a
decision in favor of either side so
it was called a "tie."

Endorses Petition Re-opening Of Youngstown Agricultural School

At a special meeting of the
Chinook Women's Institute held
last Friday afternoon at the home
of Mrs. K. Stewart, a resolution
was passed endorsing a petition
passed by the Youngstown W. I.
The resolution was to the effect
that as there are now more stu-
dents than can be accommodated
in the Agricultural Schools the
Alberta Government open the
Youngstown School of Agricul-
ture in preference to adding on
building on to the one at Olds or
Clareholm.

Wheat Pool Notes

H. H. Clemen, manager of the
Co-operative Association of the
Ontario farmers, was in Calgary
last week to study the Alberta
Wheat Pool system. The U.F.O.
is planning on starting a Grain
Pool in Ontario.

The Wheat Pool sells grain on
a strictly business basis, George
McIvor, western sales manager,
told the U.F.A. Annual Conven-
tion. Vancouver deliveries were
at a discount while Atlantic sea-
board wheat brought a premium
during October and November of
last year. This was because of
the British coal strike and the de-
mand of British millers for quick
deliveries. The Alberta Pool wants
to ship wheat via Vancouver port
but not at the expense of the
Alberta wheat producers.

O. L. McPherson, director of
the Alberta Wheat Pool from
Clareholm, resigned his direc-
torship on Tuesday. He has been
appointed Provincial Minister of
Public Works.

The Albert Wheat Pool had a
booth at the U.F.A. Convention
and supplied literature to all
seekers of information. A sample
of Herman Treble's prize-winning
wheat was exhibited in the booth.
